

Pre-Application Submission Form

It is highly recommended that you submit this brief, one-page description of your project to us before you begin working on your project. We will review your idea to make sure that it is charitable in nature and qualifies for the contest BEFORE you put your time and energy into developing your full application. **If you do not do this, you are at risk for having your project disqualified because it does not meet the guidelines.** Better to get it checked out first.

You can submit this pre-application form by email at info@facfoundation.org or by regular mail to Fremont Area Community Foundation, 1005 E. 23rd St., Suite #2, Fremont, NE 68025. We will review your information and get back to you right away.
