

2022 Nonprofit Leadership Program Intensive Program for Executive Directors and Board Leadership

The Fremont Area Community Foundation’s Nonprofit Leadership Program is a 12-month program for up to five nonprofit agencies in the Fremont area to address organizational and leadership capacity needs. Interested agencies should review the information, time commitments, and eligibility criteria below. Applications are due Friday, July 22, 2022.

Outline of the Nonprofit Leadership Program

- **Capacity Assessment** — The organization (staff and board) will complete a survey to assess operational and programmatic capacity. The survey results will be shared with the organization so that the board and staff can decide priority areas for capacity building.
- **Peer Learning** — Executive Directors/CEOs will meet monthly (starting in September) to discuss challenges, and learn practical tools, processes and strategies to address them.
- **Strengthening Boards** — Quarterly sessions will focus on board leadership, board-staff relations, recruiting appropriate board members, financial sustainability, and other relevant topics. These interactive sessions will include Executive Directors/CEOs and board leaders so they can work collaboratively on these subjects with consultant input. Organizations are encouraged to bring as many board members as possible to each board session and make a strong effort to have executive committee members—especially the board chair/president and vice-chair/president-elect—attend all four sessions. There should be two board members who consistently attend all quarterly sessions to ensure the organization receives the maximum from the program.
- **Executive Coaching** — The agency executive director may identify individual or agency-specific areas to work on with a coach.
- **\$5,000 Capacity Building Grant** — Agencies that meet the requirements of participation are eligible for a capacity building grant to be used on organizational priority areas.
- **Strategic Planning** — If a participating agency does not already have a current strategic plan in place, a portion of the \$5,000 capacity building grant must be used to complete a strategic planning process with board and staff.
