SCHILKE-NOVAK KIDS SPORTS TRUST

Sports Scholarships Available!

The Schilke-Novak Kids Sports Trust and supporting organization of the Fremont Area Community Foundation is the result of inspired action on a dream for the community.

The most visible purpose of the Trust is the creation of a new ballpark for the community - Schilke Fields (pictured below) - which is managed by the Fremont Nighthawks. However, the passion of the donors extends beyond the physical facility, with provisions in the Trust for funding to ensure that underprivileged youth in the community can participate in athletic activities and compete with their peers.

Scholarship assistance is available for Fremont area youth involved in figure skating, hockey, softball, baseball, basketball, tennis, golf, the martial arts and boxing.

If you are a parent, coach or teacher of a Fremont area youth under the age of 18 who needs financial help to participate in one of the sports listed above, please complete the application on the back and return it to the address provided.

Additional applications are available at the Foundation offices, 1005 E. 23rd Street, Suite #2, in Fremont, and online at <http://www.facfoundation.org/grants/additional-grant-opportunities/>

If you have questions about this scholarship opportunity, please contact the Fremont Area Community Foundation at 402-721-4252 or info@facfoundation.org.
